

All,

Beginning **Monday, September 16, 2019** the Permeable Alley contractor will be closing W 16th Street between Tremont Street and Franklin Street to thru traffic in Cedar Falls for storm sewer related work. In order for the contractor to begin pavement removal, a full road closure will be required. The road closure will be in effect for **one (1) week**, depending on the weather. Below you will find a map with the closure area highlighted:

For safety's sake, please stay away from the construction area. Heavy equipment will be moving back and forth on the closed street. It would be advisable to stay behind the sidewalk on the property side during the reconstruction work.

If you have any questions or concerns during the course of construction you may contact me by phone, fax or e-mail as listed below.

Regards,

Matthew Tolan, EI
Civil Engineer II
